Dear industry member,

One of AWDC's prime objectives is to make fulfilling AML requirements as efficient as possible.

In collaboration with the FPS Economy, we are organizing a large-scale AML exam on Tuesday May 19. This exam offers a powerful advantage: pass the exam, and you are exempt from obtaining an AML certificate for the next three years.

That is why we invite you to the very first Compliance Week (April 20–22), where we will immerse you into all things AML during an expert panel discussion and classroom training sessions, preparing you optimally for the AML exam.

Practical details

 Antwerp Diamond Bourse
