Dear industry member,

Please read this email carefully, as it contains important information on how to submit the mandatory AML report.

For several weeks now, you can do so via the renewed platform of the FPS Economy (see our previous communication on this, dated January 21, 2026):

<https://mailchi.mp/193119ce9cba/amlupdate2026>

The AML report for 2025 must be submitted before June 15, 2026.

What's new?

* The platform www.registereddiamondcompanies.be, as you previously knew it, no longer exists. This link now automatically redirects to <https://diamondsupervision.economie.fgov.be/login>. This is the portal you already know from your annual stock declaration and is managed by the FPS Economy. On this portal, you can now:

- + Submit your annual stock declaration;
- + Submit KP declarations;
- + Submit your annual AML report;
- + Consult data on registered diamond traders.

💡 TIP: Have you looked up and found a client via RDC? Save the client details via File > Print > Save as PDF.

* The services offered by AWDC are grouped on the MyAWDC platform, including:

- + Attending AML seminars and obtaining the AML certificate;
- + Attending Best Practices seminars and obtaining the Best Practices certificate;
- + Registering import and export operations, tracking shipments in Diamond Office, and consulting Diamond Office invoices. Don't have a MyAWDC account yet? Check here how to register: MyAWDC | AWDC (<https://www.awdc.be/myawdc>)

The AML report for 2025 must be submitted before June 15, 2026.
