

Dear industry member,

You may remember the industry training survey we sent out in December. Based on your feedback, we are pleased to invite you to register for our upcoming first aid and fire extinguishing training sessions. These trainings focus on essential skills that enhance workplace safety and help meet industry requirements.

We will offer the following paid sessions:

* First aid training (@AWDC)

Two-day training on May 7 and May 11 (Attendance on both days is mandatory to receive a first aid certificate)

* Fire Extinguishing training (@AWDC)

Half-day training on May 19 (morning)

* Fire Extinguishing training (on location)

Full-day training on May 28

Fire extinguishing trainings: what's the difference?

* The training at AWDC uses a digital fire extinguishing unit and laser extinguishers.

* The on-location training takes place outdoors and uses professional equipment in orchestrated real-life scenarios.

Important information

After applying via the AWDC website, you will receive an order confirmation indicating that the training fee is payable immediately. The official invoice will be issued after the training has taken place. To secure your place, we kindly ask you to complete the payment in a timely manner. If not, we may need to cancel your registration.

Your registration is binding. If you are unable to attend, you are welcome to send a colleague as a replacement. Please inform us in advance via marcom@awdc.be (mailto:marcom@awdc.be). Please note that the replacement participant must attend the full training and will receive the certificate.

First Aid Training

Date: Thursday May 7 & Monday May 11

Timing: 8.30am - 12.30pm & 1.30pm - 4.30pm

Location: AWDC (-1)
